

FINALYSE MANAGED SERVICES

For Securitized Instruments

A fresh take on risk and valuation

Building confidence and trust among market participants

OUTSOURCED

TRANSPARENT

AUDITABLE

INDEPENDENT

At Finalyse, we offer outsourced, auditable, and independent valuation for your products through a mix of market pricing practices and cash-flow modelling approaches. This service covers all types of asset-backed securities, including mortgage-backed securities (Commercial and Residential) and collateralised obligations (CLO).

We are here when it comes to incorporating changes and innovations in valuation, risk and compliance. Empowering you to make good decisions, and ensuring you have peace of mind to focus on your core business.

Bringing a unique mix of financial and technological skills, we offer a fresh perspective, unbiased analyses and modern answers to all your questions.
